Passive, active, pro-active, hyperactive,
non of this represent us, we are... Unstoppables!!

Because when we start a project, there's nothing can't
take us away from the path to achieve what our partners
are expecting from us.

Develop projects like Marvel Mission, unique in his
category, requires the commitment from the whole team,
among different moments, until we celebrate the
opening.

To get the support and trust of the brands, allowing us
to innovate creating new concepts, it's the result to
deliver in many occasions projects above the
expectations, and that's the fuel for us never stop
improving, innovating, and surprising with our projects.

WE ARE THE SOLUTION TO YOUR CHALLENGES,
to be closer of your fans, to offer amazing
experiences, to build up engagement, to create
content, to find smart solutions, to dive in the
technologies, we are your partner.

Design and implementation of the whole LEGO® FAN FACTORY concept on an International level.

There is no doubt that it's one of the most powerful existing familiar marketing strategies. As our numbers prove, more than 1.000.000 families have come to our centers annually.

It's a free service for the Mall visitors, based on its strategy of differentiation and customer service. The LEGO® FAN FACTORY concept can be implemented both in a unit or in a mall square.

There are currently 10 centers worldwide.

Country: Spain

Category: Cross Promotion

Client: **Disney** **movistar+**

Drive-in Cinema: The objective this time was to drive traffic to the Movistar shops that broadcasted Disney content on their platforms. This is why, we came up with a concept based on a drive-in cinema where the youngest members of the family, along with their favorite characters, were the stars, and if they went to the shop, they also received an official sticker set as a present.

Road Show and Promotion based on Consumption:

Monopoly's 80th anniversary celebration turned into an exclusive event of a Road Show around Rodamco Centers, where the main element was having the biggest Monopoly board around Europe. Games were hosted by Mr. Monopoly himself. Also, there was a Technological Games area, an exhibition with the rarest boards of the history of games and a promotional area where the most awesome games could be won.

Harry Potter

Country: Spain

Category: Retailtainment

Client:

Pop Up Experience: Design, production and implementation of a temporary Harry Potter shop at "El Corte Inglés". The objective was to turn the area into a place of experiences linked to the brand. Initially, it had a duration of one month and a half, but due to the success of the implementation, it was extended for more than a year in different locations.

Experience Center: Coinciding with the 30th anniversary of the license, this interactive expo took place at a Mall that had as its main goal to support brands of their own territory. It initially had a duration of six months but it was extended to eight months due to its success.

Country: Spain

Category: Retailtainment

Client: **nickelodeon**

Experiential Area: Brands need to create experiences on retail to generate affective bonds with their buyers and to generate more sales. On this case, if we also add the fact that we can do it through Kids Marketing strategies and with a 360 campaign, the results get even more positive. Campaigns on digital media, web, physical supports across the city and an EXCLUSIVE experience on retail for all the family. After 8 locations, the results were excellent.

Experience Marketing: Creating an event based on technology, fashion and music, side by side with MTV, was the challenge at this time. The result was Madrid MTV Trendy Week, an event held for two consecutive years and where the MTV philosophy was evidenced on each new session. Robotics, 3D printing, arcade games, DJ master classes or Influencers and Personal Shopper talks were part of the event.
