## PREPARATION

Moms, dads, be very attentive to the instructions since you must leave everything very well prepared and remember, **don't let your children see you!**

In this escape room, they will have to get the **recipe** to prepare some delicious **cookies** in the **shape of a bone**.

To do this, they will have to **find**, with the "**bone-map**", some of the **ingredients/elements** needed to prepare the recipe. With each test achieved, they will get a part of the "**bone-map**" that this delicious **recipe** contains.

### STEPS TO FOLLOW:

-  **Print the material and tests.**
-  **Cut out the parts of the map (prizes), the puzzle, and the ingredients.**
-  **Place the ingredients in these 5 places (indicated below) and hide the test close to those 5 places.**
-  **Explain to the children what the escape consists of, who the protagonists are and give them the map to complete it.**

**Let the fun begin!**

# CHASE

Chase, is a German shepherd puppy, a police and spy. No mystery can resist him.

His vehicle is a police truck with which he is able to chase and help in the missions of the group.

He has a lot of energy, he is very protective, careful and he is allergic to feathers and cats.

# ZUMA

Zuma is a Labrador and the water rescuer of the PAW Patrol.

His vehicle is the orange, black and navy-blue hovercraft. It is an aquatic vehicle. It can also be transformed into a submarine.

He is always full of energy, ready to run a thousand adventures!

## DESCRIPTION OF THE TESTS

### FLOUR

They will start by looking for **the first ingredient: flour**, which will be placed in the living room.

In this test, we will have to **inflate a few balloons**, and inside one of them we will **place a paper** that says "Parents' bedroom" (which is the location of the second ingredient). They will have to **blow up** the balloons by sitting on them or stepping on them, until they **find this clue**.

**PRIZE:** First part of the map (flour).

## DESCRIPTION OF THE TESTS

### BUTTER

Second ingredient: **butter**, the one in the parents' bedroom.

In this test we will need a box or similar, where we will put **objects** from **his room** that are easily **recognized** by the little one (toys, some instrument, etc). He will have to **guess**, with his **eyes closed**, the place where all those objects were, which is **where** the **next ingredient** will be. Once he finds out, we will give him the prize.

**PRIZE:** Second part of the map (butter).

### EGG

Third ingredient: **egg**, which will be in the children's room.

This test consists of finding all the parts of the **PAW Patrol** puzzle (which you must have hidden before) and **complete** the **puzzle** to see where the next ingredient is.

**PRIZE:** Third part of the map (egg).

## DESCRIPTION OF THE TESTS

### SUGAR

Fourth ingredient: **sugar**, which will be in the bathroom.

This test consists in finding in the alphabet soup, 4 words: fork, plate, glass and spoon. With these words you will **find out** the next place (kitchen), where the **last test is**.

**PRIZE:** Fourth part of the map (sugar).

### OVEN

Last element: **oven**, which will be in the kitchen..

They will have to form the **phrase hidden** in the hieroglyph. Each icon of the **PAW Patrol** will be a letter and they will have to **discover** the following **phrase**: "Under the table" (where we will have **previously stuck** the **last prize** or part of the "**bone-map**").

**PRIZE:** Last part of the map (oven).

**MATERIAL**

# BONE-MAP

**FLOUR**

**INGREDIENTS:**

- 250g of flour
- 125g of butter (room temperature)
- 1 egg
- 125 g of sugar

**BUTTER**

**STEPS:**

Beat the butter with the sugar until you obtain a cream. Add the egg and mix. Add the flour, and knead until you have a smooth and soft dough.

**EGG**

**STEPS:**

Wrap it in cling film and place it in the refrigerator for 30 minutes. After that time, we extend the dough between two sheets of baking paper, using a roller.

**SUGAR**

**STEPS:**

In order to avoid the cookies losing their shape, take the stretched dough to the freezer for 10 minutes, and then cut the cookies with the dough a little bit frozen.

**OVEN**

**STEPS:**

Bake at 180°C in a preheated oven for about 10-12 minutes, until the edges start getting brown.
